Profile

A confident Make-up artist, trained at Vancouver Film School, BC.

I have experience on set, completing script breakdowns, continuity sheets and designs. I am very resourceful and good at following instructions as well as thinking for myself.

Daughter of a hairdresser and a dental technician, I have grown up around the aesthetic industry and always enjoyed practicing hairstyling and sculpting.

My makeup journey began in 2017 with Peer Productions when I was asked to do the makeup for their show Hidden and I haven't looked back.
